Re: FEC Complaint

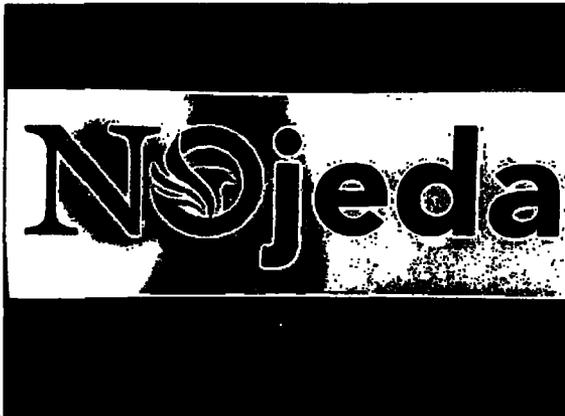

**MUR # 7533**

To Whom It May Concern:

I became aware last night of political signs that I believe are illegal and under the jurisdiction of the FEC. I'm attaching 2 of the signs and information to help you identify who is responsible for making and distributing them, however, it is UNKNOWN to me who is responsible. I called the FEC this morning and was told that I could make a complaint even though I am not aware who the offending person is. I'll give as much information as I can to help you find out though.

These are signs against a Congressional Candidate, Richard Ojeda, who is running for Congress in West Virginia, District 3. The person(s) creating and distributing the illegal signs have added an "N" to the front of his name to say "NOjeda". It is my understanding that all signage for federal elections and basically, efforts to influence a federal election, must file to be a political PAC or committee and the money used to influence the elections must be properly reported. These signs do not have any information on them stating who is paying for them. I'll post photos below. The back of the first one below is blank. I have also seen some "NOjeda" content online, but I don't know if those are sponsored ads or not.

**This part is based on my personal knowledge:** I observed a political sign that only said "NOjeda" and when I inspected it, there was not anything else to state who was responsible for the sign. The back was blank. This is a photo of the sign that I personally examined. This was in Fayette County, WV.

penalty or fine to the person(s) that would be appropriate. I would also like to know if there is a law enforcement agency that I should report this to.

Please let me know if there is anything else that you need from me.

Sincerely, *Selina Michelle Plumley Vickers* 10/20/18
